

Start with a Basic Challenge. Work your way up to a Mega Challenge if your group is up to it!

BASIC CHALLENGES

- Rule: Only hearts and diamonds (Only red cards)
- Rule: Only spades and clubs (Only black cards)
- Rule: Only face cards (King, Queen, Jack, Joker)
- Rule: Only nines and 10s. (Or, pick any two numbers)

BIGGER CHALLENGES

- Rule: Only odd numbers
- Rule: Only even numbers
- Rule: Only numbers divisible by 3 (3s, 6s, 9s)
- Rule: Only red face cards (King, Queen, or Jack of hearts or diamonds)

MEGA CHALLENGES

- Rule: The number must be less than 7
 - All face cards will not fit your rule.
- Rule: No 4s or Queens
- Rule: Your pattern for the rule-fitting area must be black, black, red (but NO HEARTS, and NO CLUBS)
- Rule: The number must be higher than the card you just put down.
 - All face cards will not fit your rule.
 - Place down the first number you draw into the area that fits your rule.
 - If the first number you draw is a 4, it automatically fits your rule. The next number to fit your rule must be at least a 5.
 - If the first number you draw is a 10, it automatically fits your rule, too. But, there are no higher numbers, so you can't put any more numbers into the "fits my rule" area!
